

Net-Noggin to Deliver Training to Displaced Workers

Granger, IN, - February 20, 2009 –

Net-Noggin, LLC is pleased to begin offering Microsoft Official Curriculum Training for displaced workers in Northern Indiana.

Through its Microsoft Partnerships, Net-Noggin will begin delivering Official Microsoft training covering the Microsoft Desktop Support Technician (MCDST) professional certification to displaced workers.

Many of the students are from the hard-hit recreational vehicle (RV) industry, however students will come from all backgrounds and previous types of employment.

The State of Indiana has provided funding for displaced workers to attend technical training to improve their education level and open additional opportunities in the Information Technology field for these workers.

About Net-Noggin

Net-Noggin provides network consulting services, focused on Microsoft products, including Exchange Server and Active Directory. Net-Noggin also delivers Virtualization, Internet Security and Web based services including web hosting and carrier-grade SPAM Filtering.
